

And unlike credit cards, on iPhone and iPad® every payment requires touch ID or a passcode, and Apple Watch® must be unlocked---so only you can make payments from your device.

ADD: Add your CCCU debit card to your mobile wallet on iPhone, iPad or Apple Watch.	TOUCH: Hold your iPhone or Apple Watch near a contactless reader. On your iPhone, authorize your payment with your finger on Touch ID.	PAY: A subtle vibration and tone will let you know your payment has been processed. It's that easy.
